

CAS2Net Administrator Advisory

2020-01

Issue Date: January 7, 2020

Topic: CAS2Net January 2020 Monthly Maintenance Window (MMW)

Discussion: CAS2Net system maintenance is scheduled begin January 10, 2020 5:30PM (EST) (1730) and conclude on January 12, 2020 5:00PM (1700) EST. Please note this does not mean the system will be unavailable through the entirety of the MMW. This is part of the monthly maintenance window to implement patches and security fixes for all systems, so unfortunately this session maintenance cannot be changed. MMWs enable CAS2Net to operate at peak performance as well as comply with the most updated security measures as well as deliver a cost effective and sustained level of availability.

Action: Please inform your staff of the upcoming CAS2Net outage.

Note: If you have any questions, please contact your local AcqDemo POC or Component POC first and if the issue is system-related, email the AcqDemo Program Office, AcqDemo.Contact@hci.mil
