

CAS2Net Administrator Advisory

2020-12

Issue Date: 1 October 2020

Topic: Individual Objectives Not Showing on FY20 Annual Assessments

Discussion: We have been notified that employees and supervisors are experiencing an issue where Mandatory and Individual Objectives are not being reflected on the FY20 Annual Assessment in CAS2Net. This issue will impact any user role when they access the employee's Annual Assessment.

Please be advised ALTESS is currently working on a Hot Fix to resolve this issue. We will post a notice to CAS2Net in Pay Pool Notices when the Hot Fix has been released. We anticipate this being resolved NLT Close of Business on October 2, 2020. Until we get this resolved users can generate an FY 2020 Contribution Plan to use as they work on their portion of the Annual Assessment.

Action: Please inform all Employees and Supervisors of this issues.

Note: If you have any questions or experience any issues related to the above notice please email the AcqDemo Program Office, AcqDemo.Contact@hci.mil.
