2021-18

Issue Date: 29 October 2021

Topic: 2021 Sub-Panel Meeting Spreadsheet Version 2

Discussion: The Sub-Panel Meeting Spreadsheet v2 corrected the issue in Version 1 where the Data worksheet did not grayed out the categorical scores for presumptive employees. The example below only had Presumptive Status 1 and 2. Presumptive Status 3 should also be grayed out. The categorical scores for presumptive employees were inactive, not allowing scores, but should have been grayed out to avoid the impression that scores were required.

Action: If you have sub-panels and are using the sub-panel meeting spreadsheet, it is recommended that you use Version 2 to avoid confusion during your sub-panel meetings.
