

# CAS2Net Administrator Advisory

2021-20

Issue Date: 5 November 2021

## Topic: 2021 Sub-Panel Meeting Spreadsheet Version 3

**Discussion:** Version 3 of the 2021 Sub-Panel Meeting Spreadsheet corrected an error in the Rails and RoR worksheet that incorrectly displayed C2 (UR to SPL). This should have been C2 (SPL to LR). While Version 2 with the C2 (UR to SPL) does not affect the counts, a correction was required to properly report the rail zones.
